## The WSA Galaxy 99 Team

This Washington Soccer Academy premier soccer team is comprised of an outstanding and athletic group of 9-10 year old boys. Their passion for soccer is evident through their hard work, enthusiasm and determination on the field.

Many of these boys participated in the WSA Player Development Program where they were taught the fundamentals of soccer. The Galaxy 99 trains twice a week for 90 minutes each session and competes in weekly scrimmages. This allows the team to further develop their skills while enabling each player to pursue other interests and become well-rounded individuals.

Our Galaxy 99 team is competing in several tournaments in Oregon and Washington this summer. In the fall, our team will compete in the Washington PDL Division 1 Premier League, where they will engage in a high level of play.
